**Established** : 1973  
**Chief Executive** : Olof Risberg  
**ECD Contact Person** : Md. Emamul Haque  
*Programme Officer*

#### **Brief Description of Activities :**

##### **Research:**

There is no specific research on this ground directly from SCSD. But SCSD partners have some experience related with early childhood development.

##### **Training:**

SCSD is not a direct implementing organisation. It supports its partner organisations in this regard for their capacity development through hiring technical expertises as well as establishes linkages with the technical resources.

##### **Evaluation:**

Usually there is a system of ongoing monitoring of the programmes as well as at the end of the projects duration out side consultants is hired to see the success, impact and effectiveness of the Project. This for lessons learnt and programme development.

##### **Materials Development:**

Different partners use different materials as well as they have their own materials. Along with early childhood developments stimulating activities they have pre-reading, pre-writing and pre-math activities.

##### **Other:**

As rights based organisation, SCSD has technical expertise on child rights based programming as well as member of some important networks and research.
